

### BT1272 Height Pole/Stick Operating Instructions

Fold arm over till at 90 degrees to height stick/pole body and engage safety catch.

Always start by extending section 1 first making sure that the lock button is in its locating hole. Extend any further sections as required. The measurement is taken from underneath the arm to the base of the pole/body.

**Warning**  
Be aware of overhead objects and cables before extending height pole/stick. Do not use the height gauge near overhead cables.
